What our **Student Ambassadors** Says about **SAP 2018**?

“
There are lots of Student Ambassador programs from many reputed companies. But they only push you once to complete task and then leave . But Indian0 not just pushed many times and they kept on motivating to think out of box. I can proudly mention that skills I have explored during the campus program result into great success in my life.

Keep motivating others and you will find yourself motivated!”

Bijay Kr. Pal Graphic Designer, **Emoha Eldercare**

“
Thinking you can't do anything and then keep on waiting for the right opportunity...there is no success in it. Success comes when you try hands on each field and finally find your main stream. Through Indian0 challenges I found my stream & learning new things as software developer.

Thank you for selecting me as student ambassador and then part of the company!”
